

## **USDF Region 9 Competition Management Report – Mid-Year Meeting August 2022**

Region 9 continues to enjoy a robust 2022 competition year. In comparison to 2020 and 2021, competitors are filling most of the shows in Region 9.

Anne Kuhns is working on organizing a chart to outline which competitions have hired judges for 2022 and 2023, so that there is not as much repetition of judges in the region. If you have not yet advised her of judges that you are hiring in 2022 and 2023, please send her that information as soon as possible.

The first survey to competition management and organizers regarding information that they would like to see on the Region 9 website had little response.

Region 9 has upcoming Championships: GAIG/USDF Region 9 and SWDC Championships (held concurrently) October 6-9, 2022 at Great Southwest Equestrian Center and the USDF Breeders Championship Series, culminating in the Southern Series Final, September 2-4, 2022 at Haras Hacienda.

Please feel free to contact me if you have topics of discussion or points of view that you would like to share.

Respectfully submitted,

Marilyn Kulifay  
Chair,  
Region 9 Competition Management Committee
