Membership- 69 members

Finances - sound

Education - We are looking at different possibilities for an evening zoom program.

Clinic - S judge Bill McMullin for a clinic, very well received and enjoyed. We had the Circle P Ranch donate their facilities to us, a beautiful facility and they even bought all the riders and auditors lunch both days and their Saturday night dinner.

Recognized Show - Almost full! Did make a profit but not as well as previous shows. Lost our judge due to a broken bone 3 days before show and our TD to emergency surgery but both replaced thanks to our show secretary and manager.

Schooling show - over 60 rides, we did get facility for free as several of our members had volunteered at their charity horse trials.

Awards Banquet - well attended. Some special awards, planning new venue for next year.

Camp - We ended up canceling last year but this year we are bringing in Janet Foy. We hold this camp every October for members who have volunteered and they ride two private lessons and a group lesson of two people. We also have educational activities, this year so far a Magna Wave demonstration by a certified instructor.

Pool party - pot luck, always fun!

Scholarship program - Offered to members who volunteer, has been very successful.

FWDC holds monthly meetings and we started meeting in person again.

We have a monthly column with pictures in Southwest Horsetrader. Gives us a chance to get information out about our activities and our website.

We've also appeared in USDF connections for different interviews.

We have a webpage and a Facebook page.
